Tee Times

Here at Felixstowe Ferry Golf Club we encourage as many children and young adults as possible to play golf and enjoy all the benefits that it brings, i.e. exercise, fresh air, team work and new skills.

During the summer our professional, Andrew Robinson, holds a 10-week junior beginners course and when this is complete juniors are entitled to a free three month membership of our 9 hole Kingsfleet course. If a junior decides to take up membership, Andrew continues with the coaching for junior members once a week. Because we have state of the art practice facilities we have plenty of space for these activities to take place.

As beginners there are no requirements to own a set of clubs as we have several sets that can be borrowed to ensure no extra expense is incurred. The Golf Foundation, endorsed by the PGA, run a structured learning programme to transform beginners, aged 6-12, into junior golfers and use a Junior Golf passport to record the three levels taken. There is also the 'Golf Sixes' which is run as the next step up for beginners before they get their handicaps. It promotes team work and they play against and at other clubs which is a great experience for them. Felixstowe Ferry's 'Golf Sixes' team are at present in this year's semi-finals with the team being a mixture of girls and boys.

For the more advanced junior player there are many club competitions to take part in as well as Junior Opens. We hold our own open here in August and this year saw some very talented young players taking part. So if your child is interested in trying out golf our next group of junior beginners lessons will be next spring. If you need any further information please contact our professional on 01394 286834.

Debbie Day (DipPFS)
Independent Financial Planner

Based locally, I focus solely on providing face-to-face advice and offer a dedicated, personal service to build long-term, trusted relationships with my clients. Together, I would look to create a working plan, providing you with a clear direction towards meeting your financial goals.
